INVESTING IN A MORE CONNECTED REGION

Regional transportation funding becomes real projects that make it easier, safer, and more accessible to walk, bike, ride transit, and reach your destination.

$39B+
in transportation investments (2026-2030 TIP)

900+
projects, studies, and research efforts in the 2026-2030 TIP

What does this funding cover?
900+ projects, studies, and research efforts improving transit, roads, bridges, walking, and biking across the NYMTC region.

How do projects get prioritized?
NYMTC's RTP sets transportation needs and goals, while the 2026–2030 TIP identifies projects proposed for federal funding.

WALK
Safer sidewalks, crossings, and station access.

BUS
Local and regional routes connect neighborhoods.

RAIL
Commuter and regional connections to key destinations.

BIKE
More bike lanes and secure parking.

INVESTMENTS IN ACTION

These projects are part of the region's transportation investments, turning plans into real improvements people use every day. From station upgrades to safer streets and better bike connections, these investments make it easier to get where you need to go.

PEDESTRIAN IMPROVEMENTS

Safer, more accessible sidewalks, crosswalks, and complete steets that connect neighborhoods to transit and key destinations.

Hicksville Complete Streets

$2.89M allocation

Nassau County • Downtown Revitalization Initiative

Improvements along Broadway and Newbridge Road are intended to enhance pedestrian safety, walkability, and streetscapes while improving access to the Hicksville LIRR Station.

TRANSIT ACCESS

More frequent and reliable bus service, accessible stops, and better connections to rail and key destinations across the region.

Yaphank LIRR Station Improvements

$11.6M

Suffolk County • Groundbreaking announced April 2025

Planned improvements include an accessible station, new bus loop and passenger amenities, and improved pedestrian, bicycle, and drop-off connections.

STATION IMPROVEMENTS

Upgraded, accessible stations with better first/last-mile connections, parking, and public spaces.

Hicksville Station + Public Space

$11.6M

Nassau County

The project includes station improvements, new public space, and a pedestrian passageway connecting the station lobby with Jerusalem Avenue and nearby parking.

BIKE INFRASTRUCTURE

More protected bike lanes, secure parking, and first/last-mile connections to transit.

Secure Bicycle Parking Pilot

$1.5M+ award

NYSERDA • Hudson Valley and Long Island

The MTA plans to pilot enclosed, app-accessible bicycle parking at up to eight Metro-North and LIRR stations.

01 PLAN
Identify regional needs and set priorities through the RTP.

02 INVEST
Fund projects through the 2026–2030 TIP.

03 IMPROVE
Make travel safer, easier, and more accessible.
